

STREET PARADE AND SPORTS AMUSE NEAR-BY RESIDENTS WHILE CANOE TRIP DRAWS MANY OUTSIDERS.

The canoe carnival, the second one to be held in Grayling, was a grand success and enjoyed by hundreds of visitors from distant cities besides thousands from home and near-by places.

The street parade that started the festivities and the sports and ball games that followed afforded a lot of excitement and pleasure right up to late Saturday night, when those were to participate in the down-the-AuSable canoe trip hurried home or to hotels to catch a few hours sleep before embarkation.

On Friday and Saturday afternoons there was plenty of fun for both young and old while each took part in the foot races, bicycle races, potato races, greased pole climbing and catching the greased pig. And on Friday evening there was a water battle between two groups of firemen. Each group had to couple up five lengths of fire hose, attach nozzle and turn on water. Then it was a battle royal and afforded much amusement; and possibly some of the spectators got in the way of the water, much to the pleasure of the on-lookers.

The Street Parade.

The street parade got a late start due to the late arrival of one of the outside floats, but was well worth waiting for.

Four members of Grayling American Legion Post led the procession, bearing the American and legion flags. They were followed by their float depicting a scene in France during the World War, showing soldiers in the thick of a battlefield. On a banner was the wording "We serve in time of peace as well as in war."

The Masonic association had a float dressed up to advertise their dancing party that evening. On it rode several in soldier dress.

Shoppenagons Inn was represented by an auto nicely decorated in festoons and ribbons.

The Gaylord band was splendid, dressed in white uniforms, and was next in the line of march. Gaylord floats represented the well known apple and potato show that is annually held in that city, and one depicting recreation and hunting resources of that community.

Kerry & Hanson Flooring Company had a float carrying a huge load of logs, reminding us of old lumbering days and of the flooring products manufactured by that company.

Emil Niederer Ice and Coal Company presented a nicely decorated float upon which were neat piles of coal and pure lake ice.

The State Conservation department float showed the public some of their forest fire fighting apparatus and also a number of small cub bears.

Grayling Laundry had a float trimmed very handsomely in colored festoons, and made a very pleasing appearance.

Connie's Grocery float was brilliant in inflated toy balloons, bobbing about in the air, and depicted a store scene with the apron clad clerk behind the counter waiting on a couple of lady customers.

Next in line was a Michigan state highway truck showing apparatus of all kinds used in road building.

Alfred Hanson Garage present-

ed two floats, featuring Chevrolet cars and trucks. One truck carried a large load of logs to indicate their economy and strength for carrying heavy loads. The cars were prettily decorated.

Peet's Tastemeats truck was next in line advertising their products.

The AuSable Dairy was represented by its delivery truck, nicely decorated.

And more decorated Chevrolet autos proved to the onlookers that the Hanson Garage was proud of its products.

Ogemaw County outdid itself in presenting a lovely float calling the attention of the public to their annual trout festival, which is held on the opening of the trout season. On it rode a group of bathing beauties.

"Susan," the pet fawn of the H. B. Smiths at Camp Ginger-Quill peeked out of an auto at the crowd, as it passed in the parade.

In the midst of the procession came Grayling band in their natty uniforms of dark blue. Teddy Bill Cody, age 8 years, marched ahead with his baton.

The Henderson Beverage Co. presented two floats, advertising Nehi products and Phoenix beer.

A very pretty auto, with festoons handsomely draped about was presented by Grayling Bakery.

The Rialto Theatre showed a float appropriate to the finest motion picture in the north, with special advertising on Will Rogers in "Handy Andy" that was to be the attraction on the following Sunday and Monday.

And the CCC camps close to Grayling were present with a truck depicting conservation work that these camps are engaged in.

George Burke Oil Co. showed a float advertising Super Shell gasoline "more miles."

Spike's Beer Garden float was a large truck carrying a bower of pine boughs and white flowers underneath of which were seated the garden orchestra, rendering dance and rhythm music.

The parade assembled near the base ball grounds and passed full length of Michigan avenue, and around the block to highway U. S. 27 and back to Main street.

During the interim between the parade and time for the sports a one-leg acrobat presented a number of thrilling and amusing stunts with stilts and one-wheel bicycle.

The remainder of the afternoon was taken up with sports contests. Michigan avenue was cleared of autos from the main street crossing to the Michigan Central depot, for the occasion. During intervals between sports and during the evenings Grayling band and Spike's orchestra furnished

music while those who cared to do so, danced on the pavement.

On both Friday and Saturday afternoons, base ball games were played at the ball park. The first game was between Gaylord and CCC camp No. 672, the former winning by a score of 7 to 1. Grayling and another CCC camp team crossed bats Saturday afternoon, the former being the winners. On Saturday night, in a ring erected at the court yard, eight 3-round boxing bouts were presented between young men from CCC camps. A large crowd witnessed the affair.

Flotilla of Canoes.

The 8:00 o'clock starting hour Sunday morning saw a large number at the launching dock near the Cedar street bridge, ready to start on the 50-mile canoe trip down the AuSable river. This was the big magnet that drew the hundreds of outsiders to Grayling for the carnival.

For several days the carnival committee had been busy gathering canoes and boats for the occasion. This was made possible only by the generosity and fine cooperation of residents and resorters on the AuSable river, and also from local residents and a few from Roscommon. By the time for the boats to start on the down-river trip there were scores of canoes and river boats on the beach ready for use.

As the boats left the docks, cameras began clicking and some day soon we are going to be privileged to see motion pictures of many of the scenes that were photographed that day. Mr. Ed. Drier of Grand Rapids and Chicago, photographer and managing editor of Outdoor magazine, and S. L. A. Marshall, feature editor of the Detroit News, were there with their motion picture cameras and they claim that they got some fine pictures. And, incidentally, some very amusing ones. They continued with the flotilla of boats until they reached their destination at Lincoln Lodge, about 50 miles by river from Grayling.

At noon most of the boats were beached at the Stephan resorts for lunch, and for the passengers to regain their land legs. Grayling band played during the noon hour and the down-river district rang with the echoes of their music.

At Lincoln Lodge, autos were awaiting to take the people back to Grayling, and the carnival was over, but will not soon be forgotten.

CARNIVAL NOTES

Jack Redhead drew the lucky assignment to guide the boat for Ed Drier, motion-picture photographer, and Ben Wright, publicity writer for the Eastern Michigan Tourist association. And the latter were lucky to have Jack for their guide, for he knows every inch of the famous AuSable and could furnish much valuable information regarding it, as well as being an expert canoeist.

And Ernest Borchers was the guide for Mr. and Mrs. Carl Sitta, of Detroit. The former is the western representative for the Block newspapers, published in Cincinnati, Cleveland, Kansas City, St. Louis and 20 other large cities.

The Bay City Daily Times was well represented at the canoe carnival by Glenn MacDonald, sports writer, and Mac Cook, state editor. These men are responsible for some very fine stories

about the canoe carnival, both before and after the event. Mr. MacDonald's description of the journey down the river, as published in the Times Monday afternoon was so pleasing and interesting that we are taking the privilege of passing it on to our readers. It will appear in the Avalanche next week. Watch for it.

It is with extreme regret that an error was made in one of our editions by saying that a noon lunch would be served at Stephan's. It caused a number to go hungry for the want of a lunch, for which we are very sorry. No explanation is going to correct it.

The highlights of the trip, as usual, were the tipovers. There were four or five reported, but the dump that provided the greatest thrill occurred when Gordon Pond and a trio of companions found the whirlpool on a bend about ten miles downstream a little too much and capsized. The result was an uproar of riotous hilarity. Several bottles of beer were included in the cargo. The empties remained afloat while those still intact covered the bed of the river. The occupants spent considerable time surface diving

the destinies of the boat carrying the photographic equipment.

In an attempt to secure pictures of a tipover or two the movie men trailed a heavily loaded boat several miles down the stream, but luck was not with them. Previously the craft had dumped, but even the attempts of Guide Jack Redhead to trick the boat into dangerous pools were of no avail as the rival paddler made his cautious way around the treacherous bends. The photographers were fortunate, however, in filming the Pond tipover.

Scenes along the AuSable.

except to say that it was a mistake.

One of the canoeists in the carnival flotilla that drew a lot of attention was "Blackie's Pete" Vincent, who made the trip as far as Stephan's on a log without a mishap. He is employed at the Levan Recreation parlor.

After today photographs taken by the East Michigan Tourist Association camera men on the Trip-Down-the-AuSable last Sunday will be on display at Mac & Gidley's new drug store where Grayling residents may order prints of the same from Mr. McNamara. The prints are 5x7 and may be had at cost plus postage.

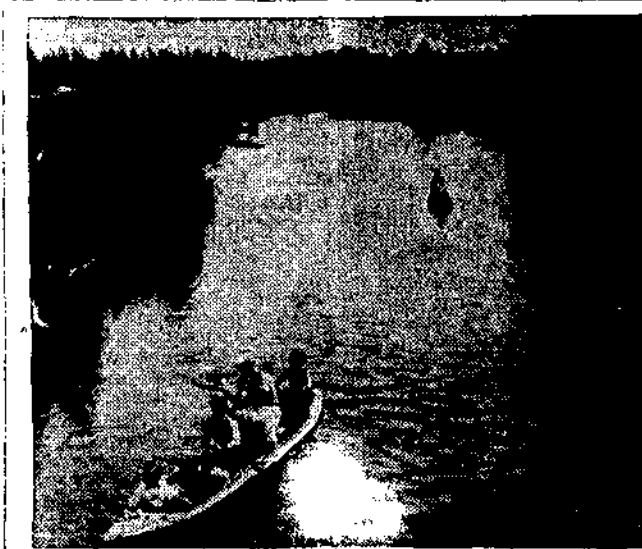

Jack Redhead Jr. was the youngest guide on the river. The eleven-year-old chap manipulated a canoe bearing three Bay City and Southern Michigan women with the ease and care of a veteran. He follows closely in the steps of his father who directed

for the sunken treasure. Meanwhile, crackers, bread and prized lunch for the day floated nonchalantly away with the current.

Another interesting drama was enacted by two couples from West Branch who turned over on the sharp S turn above Stephan's. A similar conglomeration of food and bottles meandered aimlessly down the stream. A pair of youngsters rescued several of the empties with a dip net which they operated from the bridge that spans the river just below that point.

Though there were several of them, the personnel of the other crafts that met with misfortune could not be determined.

Edward Dreier, editor of Outdoor Magazine and prominent photographer, made movies and still pictures of the trip for the East Michigan Tourist Association. Just prior to leaving he stated that he would write a story which will probably appear in his

Scenes along the AuSable.

magazine at the beginning of the resort season next year.

The East Michigan Tourist Association Publicity department was also in evidence and will release several stories on the trip.

The Detroit Times representative was Frank Wells whose headquarters are located in Saginaw.

Slam Marshall, feature writer and travel editor of the Detroit News, Sunday morning found that he would be unable to attend and wired his regrets to the committee.

Plenty of sunburn was in evidence as the travelers emerged from the boats at Lincoln Lodge, but the lasting impression they carried away so offset any physical discomfort encountered that it was a happy lot which found its way back to Grayling at dusk.

Nearly everyone was accommodated. The committee announced that somewhere in the neighborhood of 100 canoes comprised the flotilla. An estimated crowd of 350 persons occupied the boats.

Unbeknown to her until it was too late to do anything about it, Miss Ella Hanson, watching the cruise from the pullover, was the victim of several feet of movie film as she registered many different facial expressions.

In an attempt to secure pictures of a tipover or two the movie men trailed a heavily loaded boat several miles down the stream, but luck was not with them. Previously the craft had dumped, but even the attempts of Guide Jack Redhead to trick the boat into dangerous pools were of no avail as the rival paddler made his cautious way around the treacherous bends. The photographers were fortunate, however, in filming the Pond tipover.

In his usual cooperative spirit H. B. Smith decorated his summer home by stringing gay-colored yacht club flags over the stream. As was the case in many spots along the river, a crowd of Grayling folks waved greetings to the boats from the Smith dock.

The volume of business brought in by the carnival was evidenced late Sunday night as restaurant waiters, in response to orders for steaks, said "Sorry, all we have is hamburger and pork chops."

To the committee composed of Spike McNeven, Holger Peterson and Blackie Levan, whose untiring efforts kept them well into the night while their respective businesses suffered, goes the credit for another successful canoe carnival and Trip-Down-the-AuSable, the worth of which, from an advertising standpoint, cannot be estimated.

The dugout canoe recently retrieved from the mud of the Manistee river, proved no end of entertainment at the noon hour. Many tried their hand at maneuvering the craft but only a few handled it successfully.

Many former Graylingites returned to the city for the occasion.

Owing to the length of the canoe carnival writeup, a part of it is being held over to next week.

FREDERIC RESIDENT PASSED AWAY

George Pratt, age 71 years, passed away Friday at his home in Frederic, having never fully recovered from injuries received in an auto accident four years ago.

Mr. Pratt had lived in Frederic for the past 36 years and was known to most everyone there and had a large circle of friends. In the early days he worked as a woodsman in the lumber camps in that vicinity and later took up farming. Mrs. Pratt passed away in 1915 and their children all died in their infancy.

The funeral services were held Monday afternoon at the M. P. church in Frederic. Rev. H. J. Salmon, pastor of Michelson Memorial church officiating. Interment was in the cemetery at that place.

Surviving the deceased is a brother and two sisters, Mrs. Frank Trombley of Bentley, and Dan Pratt and Mrs. John Wells of Frederic.

Mr. Pratt was a member of Grayling Lodge L.O.O.F.

Oaks Family Reunion Held Here Saturday

The Oaks families gathered here last Saturday for their annual reunion and it was held at the free tourist park.

Among the first to come were Hugh Oaks and family, that they might have more time to greet their many old friends. They came Friday night. And the next to arrive and that was just at daylight was Uncle Giles Oaks with the Claud Oaks family. Uncle Giles is now nearly 80 years old, and as he has been quite sick during the past year, everyone rejoiced to have him present.

Sixty-three enjoyed one of the best dinners had at any of the reunions and "many cooks" did not spoil the lemonade, which for once put the coffee in the shade. And plenty of melons delighted all.

At the business meeting Hugh Oaks was voted to continue as president with Oscar Deckrow as secretary-treasurer, and Flint was selected for the next reunion.

F. K. Deckrow was the oldest person present and Helen Stephan the youngest. Edgar Auten guessed best in the nail contest, winning a nice prize. Hurl Deckrow could pick up matches the quickest and won the picture that everyone else wanted. Then at the races Edgar Auten, Roger Deckrow, Jerry Barger, Phyllis Parker, Leo Palmer, John Stephan, Zina Stephan and Edna Loker won first prize while booby prizes went to Elda Parker, Harry Loker, Edith Rogers, Helen Stephan and Norma Parker. Edgar Auten also won the walk contest. During the afternoon a baseball game kept the men folks interested.

Those from out-of-town in attendance were the following: Giles Oaks, Mr. and Mrs. Claud Oaks, daughter Ruth, son Floyd, daughter and husband, Mr. and Mrs. Harry Loker; Mr. and Mrs. Hugh Oaks and sons Harry and Ralph; Mrs. J. C. Cole, mother of Mrs. F. Wilcox; Arthur (Happy) Coyle; Mr. and Mrs. Arthur Oaks, son Ray and son and wife, Mr. and Mrs. Henry Oaks; Mrs. Minnie Babcock, daughter Mrs. Edith Rogers, son Harold and granddaughter Mildred Rogers; Mr. and Mrs. Theodore Babcock, daughters Joyce and Doris Jean and son Walter, all of Flint.

Mr. and Mrs. Forrest Wilcox, Indian River; Mr. and Mrs. Adrian Oaks, Burt, Mich.; Edgar Auten, Ortonville, Mich.; Mr. and Mrs. Oscar Deckrow and children, Lovina, Margie, Roger and Donald, Mt. Morris.

Several remained to take part in the Canoe Carnival Sunday and Mrs. Hugh Oaks is remaining for several days to visit relatives and friends and will go from here to Indian River to visit her brother Forrest Wilcox and family.

GOLF AUXILIARY ENTER-TAIN GAYLORD

The golf club house was all a-flurry with the ladies of Gaylord as guests and the ladies of Grayling as hostesses, Wednesday afternoon.

There were twenty-eight guests, some of whom played golf and others bridge. Miss Peg Murray had the low score (97) for Gaylord while the low score (116) for Grayling was held by Mrs. C. G. Clippert. Mrs. Rheum of Gaylord held high score for bridge.

The affair was another of the many social functions which have been given by the Auxiliary this season.

NEWS BRIEFS

G. A. Kraus and son Albert and Matt Weber arrived last week from Chicago to spend the remainder of the month at the Kraus summer home at Lake Margrethe.

Mr. and Mrs. Clarence Brown, of Bay City, and Emerson Brown of Saginaw, were guests at the home of Mrs. P. L. Brown over the week-end and enjoyed the canoe carnival while here.

Kenneth Gothro, Arthur May, Bud Sorenson, Joseph Kesseler and Jay Hobart took advantage of the special M. C. excursion rates and enjoyed the Detroit-Cleveland league baseball game in Detroit Sunday.

Ben N. Mercer of Clare was in Grayling Tuesday noon, calling on a few of our citizens in the interest of his campaign for state senator. He is an opponent of our present senator—Ben Carpenter of Harrison.

Principal Gerald Poor and wife returned to Grayling Tuesday noon from several weeks spent in the north. They will be here for a few days after which they will spend a short time in the southern part of the state.

Miss Olga Everard, teacher, was a guest at the home of Mr. and Mrs. Algot Johnson for a few days this week. Miss Everard who has taught in the grades here for the past three years will not return here next year, having secured a position in Flat Rock, Mich.

Mr. and Mrs. Clyde King, Mr. and Mrs. James Bivard and Mr. and Mrs. Edward King, of Flint, spent the week end at the home of Mr. and Mrs. George Miller. They were accompanied by Mrs. Frank Barnes and family who remained for a longer visit with her parents.

Mrs. Elizabeth Foley and daughters Matilda Bishop and Gertrude Foley have just returned from a vacation spent in Washington, Oregon, and California. They also visited Yellowstone Park and enroute home visited the Century of Progress Exposition, while guests of Major and Mrs. Paul Gale of Chicago. They were gone for a month and Phil Boucher and Douglas Bishop who also made the trip, spent much of their time in Montana on the ranch of Mr. Boucher's uncle. All report a very enjoyable and interesting trip.

CHEWINK IS GRATEFUL

FROM his perch in the top of a little tree in a thicket on the edge of the Green Forest, Chewink the Towhee watched Reddy Fox out of sight, then called softly: "To-who! To-who! Chewink! Chewink! All is safe now, Peter Rabbit. Come out and talk with me and let me tell you how grateful I am to you for saving my life."

Chewink the Towhee Watched Reddy Fox Out of Sight.

bramble-tangle where he had been hiding. "It wasn't anything," declared Peter. "I saw Reddy and I knew you didn't, so of course I gave the alarm. You would have done the same thing for me. Do you know, Chewink, I've wondered a great deal about you."

"What have you wondered about me?" asked Chewink.

"I've wondered what family you belong to," replied Peter.

Chewink chuckled. "I belong to a big family," said he. "I belong to the biggest family among the birds. It is the Finch and Sparrow family. There are a lot of us and a good many of us don't know that Rosebreast the Grosbeak and Glory the Cardinal are members of my family."

"I didn't know it," replied Peter. "But if you say it is so I suppose it must be so. It is easier to believe that than that you are related to the Sparrows."

"Nevertheless I am," retorted Chewink.

"What were you scratching for when I first saw you?" asked Peter. "Oh, worms and bugs that hide under the leaves," replied Chewink carelessly. "You have no idea how many of them hide under dead leaves."

"Do you eat anything else?" asked Peter.

"Berries and wild fruits in season," replied Chewink. "I'm very fond of them. They make a variety in the bill of fare."

"I've noticed that I seldom see you in a tree-top," remarked Peter.

"I like the ground better," replied Chewink. "I spend more of my time on the ground than anywhere else."

"I suppose that means that you nest on the ground," ventured Peter.

Chewink nodded. "Of course," said he. "As a matter of fact I've got a nest in this very thicket. Mrs. Towhee is on it right now, and I suspect she is worrying and anxious to know what happened over here when you warned me about Reddy Fox. I think I must go over and set her mind at rest."

THE FAMILY PICNIC

UNTIL the snow flies and the chill winds of winter drive us under the shelter of roofs and to the warmth of fires we will roam abroad with the picnic basket, enjoying the woods and streams. The advantage of sandwich filling that will keep several days is that it can be prepared in quantity and kept in the ice chest. The filling can be taken in glass jars and used for salads if so desired. Serve on lettuce.

Nippy Cheese Sandwich.

Add two tablespoons of quick cooking tapoca to two cups of canned tomato, strained and heated. Cook fifteen minutes until the tapoca is clear, stirring frequently. Add two and one-half cups of grated cheese, stir until melted, add one-eighth teaspoonful of pepper, one-fourth teaspoonful of mustard and one-fourth teaspoonful of Worcestershire sauce. Remove from the fire and add one and one-half cups of finely ground dried beef. Cool well before spreading. This makes nearly three cups of filling.

Egg Salad Sandwich.

Add one-half teaspoonful of salt, one-eighth teaspoonful of pepper, one cupful of milk and three tablespoons of tapoca, cook until clear, stirring frequently. Cool. Combine four tablespoons of chopped celery, four hard cooked eggs finely chopped, two tablespoons each of sweet pickles, chopped and liquid from the pickles, one teaspoonful of Worcestershire sauce and the tapoca mixture. Cool before spreading.

Syrup for Drinks.

Take one gallon of boiling water and twelve pounds of sugar. Stir until thoroughly dissolved. Keep in sterilized bottles. Add to any fruit drink as it sweetens quickly and makes a more palatable drink than with the use of sugar. Use one and one-half tablespoons of lemon juice and the same of the syrup to a glass of cracked ice, for an individual serving.

Big Time At Annual Trout-Fishing Outing And Dinner

Under their able captain, M. Simpson, eleven members of Order of Oddfellows started out Saturday night on a fishing trip, bent upon catching enough speckled beauties for their annual trout dinner, which was held last Tuesday night.

Peter Borchers, Hugh Oaks, George Larson and Holger Peterson acted as scouts, advance guards and commissary department, leaving here on Saturday morning for the Little Manistee river.

The others, M. Simpson, C. O. McCullough, A. J. Roberts, James Olson, Peter Jensen, David Flegg and Phillip Hodges left Grayling in the evening and reached the camp at about 11:00 o'clock, and they started early the next morning and got their catch.

The annual trout supper was held Tuesday night at their banquet room with covers laid for about fifty. The epicures were Ambrose McClain, Hugh Oaks and Geo. W. Crandall, and the banqueters thought that trout never tasted so good, and the banquet itself the finest ever had in their banquet room. To put the finishing touches to a fine spread, James Olson passed the cigars.

Mr. Earle McAfee and Miss Mabel Webb have returned to Chicago after spending a few days with her sister, Mrs. G. W. McCullough. Miss Edna Mae returned to Chicago with them.

The gravel road that is being built between Grayling and Portage Lake will probably be completed this week. This will make about three and a half miles of good road. Bicycle riders say that they can go to Portage Lake as quickly as the autos.

Miss A. E. Irving, our County School Commissioner, has been here for several days, looking after teachers' examinations. She has been spending part of her vacation at a summer resort at Port Austin, Mich. She returned to that place last Monday.

Work at Grayling Woods Products company's plant is progressing finely. The part that was blown down by the windstorm a week ago yesterday was soon repaired. Mr. Harris, who is in charge of construction says that no doubt they will be making turpentine by the middle of November.

Prof. C. A. Whitney has been in the city for several days calling on friends and looking after some school interests.

J. Smith of Frederic, has bought the McKay House, and will remodel the old hotel into a modern hotel, and move his family to "The only town on the map."

Rev. Fr. Nye, of Cheboygan, was the guest of Fr. Biss, a few days last week.

Born—Thursday, August third, to Mr. and Mrs. Guy Miller, a seven pound daughter.

Miss Marguerite Chamberlain spent several days in Frederic visiting her sister Mrs. Judd E. Bradley.

Floyd Smith and family, of Bay City, have been the guests of Mr. and Mrs. D. Smith, the past week.

A. M. Lewis and family are made glad by the presence of his mother and sister from Brown City, and Miss Carrie Graham of Newberry.

Master T. Callahan, the six year old son of the proprietor of the Frederic House, at Frederic, was run over by a horse, during the carnival last week and is suffering now from a broken collar bone and a bruised leg. The little

under was brought to Mercy Hospital, where he is doing so well as circumstances permit.

New plate glass windows have been placed in the front of St. Francis' Furniture store.

Mrs. Omer Gowin is visiting her parents at Northville, Mich. Mr. and Mrs. William Temple, of Green Bay, and Miss Anna Lagging, of Milwaukee, are visiting at the home of H. R. Nelson.

Mr. and Mrs. Robert Reagan have returned from New York and Hartford, Conn., and are being attended at their new home on Michigan Ave.

Mrs. Alta Reagan is entertaining Mrs. Stone and children of Bay City, at the Reagan cottage, at Portage Lake. Mrs. Stone is the wife of Dr. Stone of Bay City.

Ralph Hanna, of Beaver Creek, was married to Miss Nora Felsch, at Jamestown, North Dakota, on Wednesday, July 27th. The bride and groom are expected in Beaver Creek soon.

A little bird told us that Loren Mason, Beaver Creek, has been in Saginaw this week, and is expected home today with his bride. It will be a genuine surprise party to his friends, as will this item be to him.

Frederic celebrated last week, Wednesday and Thursday. They had a good program of sports, balloon ascension, two good ball games, and a large crowd.

Chaplain's Weekly News Letter

Fourth Forestry District

Camp Higgins Lake won the Soft-Ball tournament and L. Flewelling of 672 announces the following percentages:

Higgins Lake	9	1,000
Sike Lake	8	800
Hartwick Pines	4	400
Pioneer	4	400
Houghton Lake	3	333
Ausable	1	100

The above may have to be revised when Higgins plays its postponed game with Houghton Lake.

Work projects seem to cover a wide diversity of endeavor, for example: Camp Higgins Lake which is just completing the building of a fire tower at Pere Chepey is about to start constructing eleven miles of telephone line.

Camps Ogemaw, Silver Creek, Higgins Lake and Lusterne contributed 15 bouts at a boxing contest held at Camp Lusterne Friday, August 3. Boxers Harrison, Hendrickson, Jankowski, Sitek and Carr from 672 were among the participants. Higgins won two fights.

Adviser Mount of Camp Houghton Lake still has hopes that 684 will beat 672 at Soft-Ball next Thursday. Among the new classes started by him is one in leather working. Mrs. Mount is here on a visit.

Capt. Nizam beat the Chaplain at golf by 8 strokes last Saturday afternoon. Pretty close as that for 18 holes. The Chaplain is seeking a return game in which he hopes to redeem himself. Watch out for Lt. Tenney! It begins to look as though he is the "Walter Hagen" of the district. How about that tournament? 684 is building a tennis court.

It has been suggested that "touch" football rather than regulation football be played by the camps this fall. Regular football involves more equipment than our camps can afford and is likely to result in injuries not consistent with the safety program being stramed by the COC at present.

When camps Harrison and Cadillac were moved up North we wondered what might become of the buildings thus deserted. Word has recently been received that these camp sites will again be occupied—probably with new camp numbers and names fixed thereto—about Oct. 1st.

Sealed Bids

Sealed bids will be received up to and including August 28th for the transporting of pupils to and from school. Rights reserved to reject any or all bids.

Camp News

Camp Pioneer

Paul Walder, an amputee who was recently taken to Mercy Hospital at Grayling for an appendicitis operation, has been returned to the camp hospital for convalescing.

Capt. E. W. Todd, district chaplain, announces that his topic for this week's sermon is "The Second Mile." Services are held at this camp Wednesday at 8 o'clock in the mess hall.

Ellsworth Thompson and Jesse Moutray are now driving trucks for the engaging crews. During the summer months two crews work different shifts so that the heavy machinery is busy during nearly all the time that there is daylight.

Cold pop drinks have been added to the camp exchange, and are mighty popular with the men as they come in from work on hot days.

For the past week the entire company has been standing retreat each evening. Any announcements of interest to the organization are usually made at this time.

A photographer visited camp last Thursday to take a number of group pictures of the camp, enrollees and supervising personnel.

A group of boys from this camp attended the COC program held in connection with the canoe carnival at Grayling last Saturday.

Thirty men are enrolled in a first aid class taught by the camp surgeon, Lt. G. M. Katzman.

Camp Higgins

Camp Higgins Lake has been rated the best organization in the 4th forestry district, based mostly on actual work produced on the approved projects and company morale. Formerly this distinction was given to the Ausable camp. In an effort to select the outstanding group in the 6th corps area, consisting of Michigan, Wisconsin and Illinois, inspectors are expected shortly who will make a thorough investigation of this camp, and every other outstanding organization in each forestry district. Every loyal enrollee is making an extra effort to keep the grounds and buildings well policed in anticipation of this inspection.

Lieut. J. D. Hartley is the new post exchange officer, taking over these duties the first of the month.

A new writing table, reading table, benches, and library have been built in the recreation room within the past week by R. M. King and George Westra. Woodwork is also being stained which gives the room a very presentable appearance.

The Lake and Stream crew are putting in their fish shelters on the Ausable river. Stakes are driven with a power water pump. About 20 men are on this crew, with Dale Rigney foreman.

The banner recently awarded this camp in recognition of it being among the 25 best in the United States has been hung in the recreation room.

A number of enrollees from this camp were in Grayling Saturday to participate in the COC program held in connection with the canoe carnival.

A new bulletin board devoted to topics of educational interest has been placed outside the educational office.

Camp Hartwick Pines

Emergency Conservation Week To Go On Exhibit At Washington

Early in September there is to be an exhibit in Washington, D. C., to show the work that the COC camps throughout the nation are doing. Each camp has been requested to send to State Headquarters a number of pictures, maps, sketches and paintings that will show the story of progress the camp has been making in its work in the woods. Then each state sends the material on to District Headquarters, the Michigan parts sending them to Indianapolis. Each District sends the material on to Washington.

Each state is to have three panels: 50 x 40 inches on which to post the pictures, maps and sketches.

The exhibit is planned to give a fairly complete story of three different subjects. One panel will show the various work projects from beginning to completion. Another panel is to show things of a more human interest, such as the boys and officers at work and play. The other panel will

show the outstanding points of interest in the State Parks and forests.

The fine work which the COC organization is doing for the nation is being noticed and appreciated more and more all the time.

COC Business Men

Camp Hartwick Pines is developing several keen business men among the boys. One boy does laundry work during his off hours, and another does mending and pressing. Both these boys have all the work they can handle—which is a pretty good indication of the quality of their work. Another boy has purchased an outfit for developing and printing snapshots. He also has plenty of business and gives the boys a treat by letting them watch him do the work.

Camp AuSable

Insect Survey

According to Dr. Needham of Cornell University, 95% of the food of fish under seventeen inches in length is made up of insects. So it is quite important to know the type and quantity of insects in the vicinity of our trout streams. Professor Walt Morofsky of Michigan State College arrived at Camp AuSable Sunday and is to make a survey to determine the effect of the stream improvement project on the insect life along the streams.

Insects are usually thought of as undesirable pests, but they are quite necessary to the fish that attract many tourists to northern Michigan.

Ground Water Survey

More and more is constantly being done to help in this business of fighting forest fires. The best thing, of course, is prevention, but preparation must be made for the day when a fire does break out. Crew foreman Mr. Grant has been working throughout the Ausable State Forest to determine the water table. He then makes a map of the forest showing just how far down the water level is. Then when fire breaks out the truck with the well driving apparatus is rushed to the vicinity. It takes between five and ten minutes to drive a well twenty feet deep, and then the boys have a water supply close at hand.

Base Ball

The base ball team of Camp AuSable is making victory a habit now. Sunday we beat the Frederic team 12 to 8.

COOLING DRINKS:

DURING the summer and fall months we have no more refreshing drink than a cool drink on a hot day.

Cherry Cocktail.

Put chopped ice in cocktail glasses, filling them one-third full. Add the following: One-fourth cupful each of lemon juice, orange juice, grapefruit juice, and sugar. Add a few grains of salt, a cupful of sliced fresh strawberries, one cupful of sparkling water and top with sprigs of fresh mint.

Lead Tea Cakes.

Make tea by pouring four cupfuls of boiling water over four teaspoonfuls of tea. Steep for five minutes. Freeze like ice cubes in the ice cream refrigerator, placing a section of lemon in the green tea cubes and of orange in the black tea cubes. Serve two cubes in each glass. Pass a dish of lemon and orange slices with the tea.

Golden Nectar.

Strain three cupfuls of orange juice and one cupful of lemon juice, two and one-half cupfuls of pineapple juice. Add one and one-half cupfuls of sugar, two to four cupfuls of water, chill and serve with chopped ice.

Fruited.

Drain one-half cupful of crushed pineapple, add two tablespoonfuls of lemon juice, one cupful of orange juice, two cupfuls of boiling water and two tablespoonfuls of sugar. Blend until well mixed and cool, then add two tablespoonfuls more of sugar and serve poured over ice.

Orangeade—Simple.

Take two cupfuls of white grape juice, one cupful of orange juice, four teaspoonfuls of sugar, mix until sugar is dissolved. Fill glasses one-fourth full of ice finely chopped, add the fruit juices and serve with orange slices on top for a garnish.

Orangeade.

Take the juice of four oranges and one lemon. Boil the peel from one orange in one cupful of water for five minutes, add to the juice with a quart of cold water and one-third cupful of sugar. Serve with crushed ice and garnish with wedge-shaped pieces of orange.

FACTS ON RABIES GIVEN BY
LOCAL PHARMACIST

Hydrophobia is not a hot weather disease and there need be no more fear of rabies during the summer "dog days" than at any other time of the year.

This was a statement this week of Mr. C. J. McNamara, registered pharmacist of Mac & Gidley and member of the American Druggists Syndicate Fellowship.

"Entirely too many superstitious ideas still persist on the subject of rabies," said Mr. McNamara. "Superstition holds, for example, that dogs are much more likely to go mad during the summer than at any other time of the year. The fact is that rabies is no more common in August than in January and comparatively rare at any time. It is heard of more in summer because of the greater outdoor freedom of both people and animals. Furthermore, rabies is not transmitted by dog bites alone. Cases of rabies are known to have been caused by a gentle house-cat. Also, contrary to general belief, an excess of saliva from a dog's mouth does not necessarily indicate rabies. Most animals, like man, sweat through the skin, but dogs sweat mostly through the tongue and when uncomfortable perfectly healthy dogs frequently foam at the mouth.

"It should be borne in mind that a really mad dog flies forward aimlessly and does not attack unless provoked or annoyed, so that a person keeping out of his path is safe. However, in the case of a tooth-wound by any type of infuriated or sick animal, the logical procedure is to immediately put the case in the hands of a competent physician."

In case of a bite by a supposed mad dog, the animal should not be killed unless it cannot be caught with safety, according to Mr. McNamara who based his statement on facts compiled for him by the A. D. S. Fellowship. It should be securely kennelled and observed for at least two weeks. If the dog remains well and healthy it may be released and the person bitten need have no fear of contracting rabies. If, on the other hand, the dog has rabies it would manifest symptoms during the observation period in which case Pasteur anti-rabic treatment should be started. Prophylactic treatments should commence immediately as a precautionary measure in cases where the animal escapes, or where the person is bitten around the face or neck, to prevent the possibility of the deadly virus reaching the brain within a comparatively short time.

Teach Conserva- tion In Schools

Lansing, August 18.—Through material prepared and distributed by the state Department of Conservation and Public Instruction and through personal contacts to be made by a representative of the Conservation Department, the public schools of northern Michigan during the coming year will be given intensive instruction in the subject of conservation.

The published material is expected to be distributed to the schools by early September.

Donald M. Rochester, field representative of the Conservation Department has been assigned to work through the entire northern part of the lower peninsula, including about 20 counties. Working from the Gaylord regional office of the Department he will contact first all school teachers making known to them the kind of material available, stressing the importance of instruction in conservation and assisting them in ways and means of presenting the material to the students. He then plans to visit the schools, county by county, lecturing on conservation with motion pictures, and showing portable exhibits to increase interest in the subject. The program is expected to consume all of the winter months.

Superintendents of schools and county school commissioners who are interested in having Mr. Rochester visit their schools should write to him at the Gaylord office to be included in the schedule he is now preparing. The published material to be distributed includes a manual for teachers and a reader for the use of the students.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows:

Special investigator, \$2,900, and investigator, \$2,600 a year. Alcohol Tax Unit, Bureau of Internal Revenue, Treasury Department.

Closing date, August 20, 1934. Specified experience in the practice of law, or in investigational or law-enforcement work, is required.

Full information may be obtained from Farnham Matson, Secretary of the United States Civil

To Pete De- troit Tigers

Mickey O'Dea's Detroit Tigers will be honored by the baseball fans of all Michigan, at a banquet which is to be held in the Hotel Statler, Detroit, Saturday, September 29, according to J. M. (Pat) O'Dea, general chairman of the committee in charge of arrangements.

"A banquet of 1,000 by a committee of 100", is the aim of the committee already at work on the plans which is headed by Mr. O'Dea, with Charles T. Sreenan of the Detroit Board of Commerce, as secretary. Honorary chairman for Detroit will be Mayor Frank Couzens, and honorary chairman for the state will be Governor William A. Comstock. Other members of the executive committee include Harvey Campbell, secretary of the Board of Commerce, Gordon MacEdward, William H. Alare, W. O. Briggs, Frank Navin, C. W. Hungerford, J. P. MacLaren, Charles Thomas, J. T. Sheafor, Charles T. Navin and Maurice Kaplan.

The committee of 100 will include prominent fans among the businessmen of Michigan and will be representative of every district in the state. They will be named at a meeting of the executive committee to be called during the coming week, according to Mr. O'Dea.

It is proposed to bring 1,000 baseball fans from every part of the two peninsulas to attend the banquet, which will partake of the nature of a testimonial dinner to the Detroit Tigers and the members of the Detroit Baseball club for their good fight from the bottom to the top of the American league heap. But whether the Tigers stay at the top, or not, the banquet is to be given them. For the Detroit Board of Commerce sponsors of the plan agree that the Detroit Tigers have done more, probably, to boost Detroit and to bring visitors to this city, and to shower attention on the entire state this year than has any other agency.

Service Board of Examiners, at the post office in this city.

The salaries named are subject to a deduction of not to exceed 5 percent during the fiscal year ending June 30, 1935, as a measure of economy, and also to a deduction of 3 1/2 percent toward a retirement annuity.

New Series Concerts Am. Music Camp

A new series of concerts will be played at Damsch Bowl, Chubb, during the next two weeks. It was announced by Fredrick Lewis, director of the American Music Camp at the last concert of the regular season last Sunday evening. The outstanding musicians of the Camp faculty, organized into various ensembles and appearing as soloists, will play the entire series. Several visiting artists will assist.

These concerts will be presented at the same time as usual during the week: Wednesday and Sunday evenings at 8:00 o'clock and Sunday afternoons at 3:00. Leon Sametini, violinist, Ebba Sundstrum, violist, Zilpha Lewis, violinist, Alexander Schuster, cellist, Dr. Mark Gunzburg, pianist, Phillip Abbas, cellist, and Frederick Lewis, pianist, will take part.

The announcement of this new series came as a pleasant surprise to followers of the concerts at Damsch Bowl. Everyone is cordially invited to attend.

THURSDAY, AUGUST 16, 1934

Mr. and Mrs. Carl Krause, of Detroit, spent the week end here visiting Mr. and Mrs. J. Wirtanen and friends.

Miss Iria Wirtanen arrived from Waukegan, Ill., and is spending the week visiting her parents, Mr. and Mrs. J. Wirtanen.

Mr. and Mrs. Lawrence Roberts and children, of Ferndale, are spending a couple of weeks visiting among relatives here.

Mr. and Mrs. W. G. Payson are entertaining a number of guests this week at their cabin on the AuSable: Mrs. Catherine Becker, Mrs. Edward Conlin, Mrs. Thomas Brady, Mrs. Charles Schroeder, all of Detroit.

✓ Mrs. Leo Jeambert and daughter Joyce, who have been visiting her parents, Mr. and Mrs. Adam Gierke, for the past month, returned to Detroit Sunday. Mr. Jeambert driving up to accompany them home.

B. M. Silver, of Detroit, spent Tuesday and Wednesday at the home of Mr. and Mrs. R. Lietz, and on his return was accompanied by Mrs. Silver and children who had been guests at the home of her sister, Mrs. Lietz for several weeks.

✓ Miss Eleanor Gorman entertained Bud Hunter of Jackson and Miss Marian Barnes of Port Huron the first of the week. The party enjoyed a canoe trip down the river Monday, spending the night at the home of Miss Gorman's uncle, William Jensen at the Durant place on the South Branch.

Harry Weiss, who has been employed for the A. & P. Company in their market at Traverse City, has been transferred to Gaylord as manager of the meat market at their store there. Harry at times assisted in the local store and was always found to be very courteous and no doubt will meet with success in Gaylord.

Mr. and Mrs. Alfred Johnson, who were married in Detroit Saturday are spending their honeymoon here at Lake Margrethe, where they are occupying the Wm. Green cottage. The groom is a son of Sam Johnson and with his parents formerly resided in Grayling. The bride was formerly Miss Olive Procat.

The annual picnic of the Eastern Star chapter will be held at the summer home of Mrs. Grant Shaw on the AuSable, Wednesday, August 22nd. The Roscommon chapter has been invited also. Members are asked to meet at the home of Mrs. Adler Jorgenson at 9:30 o'clock. Those who will use their autos for the trip are asked to notify Mrs. Fehr or Mrs. Joseph McLeod.

The evangelistic campaign being put on in the big tent near the tourist park is drawing increasingly large crowds, delegations coming in from other towns, as well as many from the city. Evangelist Putnam is winning the hearts of all who hear him with his big brother attitude, and sincere interest in the welfare of the city. Yielding to popular demand, the campaign will continue another week.

Mrs. A. F. Gierke and sons Edward and Earl and daughter Mrs. Leo Jeambert returned Friday night from Manistique, where they were called by the death of Mrs. Leonard Walters. Mrs. Walters, who was 23 years old, was Clara Gierke, daughter of Mr. and Mrs. Frank Gierke and the family at one time resided in Grayling. Mrs. Walters contracted blood poisoning from an insect bite on her left arm and passed away a week later, leaving besides her husband, two small children, one son James age 3 years and Paul 8 months old. The funeral was held Friday morning. The young woman's father, who is the oldest son of Mr. and Mrs. Adam Gierke, and is well known in Grayling, is mayor of the city of Manistique.

NOT FIT FOR SWIMMING

A letter from the Michigan Department of Health, addressed to Charles Webb, sanitary engineer for the District Health Department, in reply to a request for analysis of the river water within the city limits, reads as follows: "Analysis of the sample of water from the AuSable river at Grayling shows a B. Coll index of 10,000. I would not consider this water fit for swimming."

Signed Edward D. Rich, director of the Bureau of Engineering.

Accordingly parents should see to it that the swimming hole between the two bridges in town is not used for swimming. The swimming hole above the round house is considered satisfactory.

PRESIDENT ROOSEVELT ended his rather long vacation trip, returning to his home in Hyde Park, New York. During the remainder of the summer and until Congress meets he will spend some time there and in Warm Springs, Georgia, but most of the time he will be in Washington, busy with the nation's affairs in his temporary office which has been established in the Blue Room of the White House. The executive offices are being remodeled and enlarged. One of the first matters to claim the President's attention is the modification of NRA. The secret cabinet committee has appointed to inquire into the legality and advisability of continuing and extending the price fixing features of NRA has decided this price fixing should be restricted and gradually abandoned, and there is little doubt that this advice will be followed. Whether or not the fixing of prices is legal, it has brought sharp and continuous criticism from Senator Borah and many others which has not been relished by the New Dealers.

On his way from the west coast the President not only saw some of the great public works projects of the Northwest, but also passed through regions that have suffered severely from the drought. So he is backing up the government agencies in their work of hurrying vast sums of government money to the arid regions to ease the human suffering and also to lessen the chances of another such catastrophe. The Public Works Administration, which had an original appropriation of \$3,300,000,000, revealed it had spent about \$400,000,000 on projects to aid impoverished western families.

Emergency Relief Administration officials announced they had allotted huge sums to feed men and women. They also have spent thousands to care for starving cattle. Public Works Administrator Harold L. Ickes, who was on an inspection tour in the drought area, ordered his forces to expedite all construction projects affecting the dry regions.

NATIONALIZATION of silver, authorized by the last Congress, was ordered into effect by the President. This will have little immediate effect on the average citizen, though the move is somewhat inflationary and started prices on the up-grade. Big debtors and owners of silver mines will benefit, but as the value of the dollar goes down, the holders of securities and loans suffer loss.

The President's order directs the surrender to the government of all silver bullion and bars within 90 days, the price to be paid being 60.01 cents an ounce. Silver coins and silverware are not included. Under the silver purchase act the treasury is authorized to value the silver it obtains at \$1.20 an ounce and to issue silver certificates on that basis. The government proposes to hold enough silver to make up 25 per cent of the metal backing of the national currency. No one knows how much silver bullion there is in the United States, and it may be necessary to make considerable purchases in China and India.

SECRETARY OF STATE HULL and Secretary of Agriculture Wallace joined in a statement concerning their efforts to revive America's world trade, explaining that the reciprocal trade agreements to be negotiated with foreign countries will be beneficial and not harmful to American agriculture and manufacturing.

The statement pointed out, in answer to criticism from farm organizations, that farm interests would not be sacrificed to aid other groups.

It also said no sacrifice of any major or basic agricultural or manufacturing industry was planned, although Secretary Wallace told reporters that some harm might be done to a tiny fraction of the producers for the greater good of all.

ARABS of Algeria, like the Arabs of Palestine, do not love their Jewish neighbors, so they started anti-Semitic riots in Constantine and surrounding towns, in the course of which a great many persons were killed or wounded. Nearly all the casualties were among Jews. The French military authorities quickly got control of the situation. Constantine is in a wheat growing area and the Arab farmers had a poor crop this year. The rioting gave them a chance to wipe out many debts to Jewish bankers and shopkeepers.

THE MAD LIFE OF A FAMOUS POET

Divulging details about one of Europe's most famed of living poets, who, now old, and severely damaged by being pushed out of the window by a jealous sweetheart, converses with Virgil and Dante in his strange eccentric existence inside a remarkable villa. Rain or Shine---

RAIN OR SHINE, your message to your customers is delivered to them in fine shape when it appears in THE AVALANCHE columns, for Uncle Sam does the delivering. Every Thursday for over 56 years the mailman has been your servant as well as ours. If your customers are too busy to read your message at once, they will come to it later, for THE AVALANCHE is not discarded shortly after it arrives, but stays on the library table for other members of the family to read, for it is "the family's weekly." That's why advertising in THE AVALANCHE brings results.
